

## Prem Rawal

Dhangadhi, Nepal

**Email:** [p.info508@gmail.com](mailto:p.info508@gmail.com)

**GitHub:** [github.com/Premr24](https://github.com/Premr24)

**LinkedIn:** [linkedin.com/in/prem-rawal/](https://www.linkedin.com/in/prem-rawal/)

### Objective:

- Seeking an internship opportunity to apply my programming skills, contribute to real-world software development projects, and gain hands-on industry experience.

### Skills:

- **Language:** Java, C#, HTML, CSS, JavaScript(basics)
- **Tools and Technologies:** IntelliJ Idea, Visual Studio, MySQL
- **Version Control:** Git, GitHub
- **Other:** Object-Oriented Programming, UI/UX basics

### Projects:

- **Car-Show Room Management (Java):**  
Console-based java application to manage showrooms, employees, and cars. The system implements basic CRUD-like functionality using OOP's concept.
- **Hospital Management System (Java):**  
A console-based java application that manage patients and doctors and booking appointments using MYSQL database integration via JDBC.
- **Hotel Reservation System (Java):**  
A console-based java application that handles room reservations, updates and deleting using MYSQL database integration via JDBC.
- **Book Shop Management System (.NET, C#):**  
*Developed in Microsoft Visual Studio (C#)*  
Desktop app with Admin and Cashier roles; includes inventory, supplier tracking, and sales monitoring features.

### Certification:

- Certificate of participation in "*A Three Day Workshop on Git and GitHub*".

### Education:

- Bachelor of Computer Engineering (8<sup>th</sup> Semester), Pokhara University
